

Newport Group Earns Top Industry Recognition

Newport Group was recently ranked 17th among 50 firms featured in an annual list of top recordkeepers by *Plansponsor* magazine, the industry's leading publication. Newport Group was also ranked #11 in assets by plans in the \$10 million to \$100 million range, and maintained last year's #1 position in non-qualified assets. The annual survey measures recordkeepers in a range of categories to provide key industry benchmarks.

In a separate accolade, Newport Group's corporate website was recognized as an industry model in website design, usability and style. DALBAR, a leading independent market research firm for the financial services industry, praised **newportgroup.com** for attractive and modern elements aimed at engaging advisors and plan sponsors. The firm also highlighted the website's overall layout, site navigation, rich color palette and prominent text as key elements to the site's success.
