

Newport Group Takes Center Stage at NAPA's Non-Qualified Advisor Conference

Our industry leading expertise in non-qualified plans played a major role at the National Association of Plan Advisors' (NAPA) inaugural Non-Qualified Plan Advisor Conference held in Chicago. Newport Group was a sponsor of the sold-out industry event, which focused on teaching advisors how to incorporate non-qualified deferred compensation plans into their business practice. Senior Vice President Mike Shannon and Regional Director David Baum led expert panels on key industry topics. We also participated in a separate non-qualified "boot camp" for advisors that took place after the summit. Newport Group is an [industry leader](#) in non-qualified deferred compensation plans. Click [here](#) to learn more about our NQDC services.
